Importance: High

Stan,

GAO rep, Alisa Carrigan, is asking for immediate follow-up on IRIS Program chemical assessment priorities activity.
The list of chemicals for which OCSPP is re-confirming interest or providing nominations is requested by COB tomorrow October 19th, 2018.

I'm not sure who has the lead on this at this point.
The OCSPP IO may be reviewing a draft response that was put together by the program offices.

If I can be of assistance, please let me know.

Thanks,
Karen

Hello,

I am following up on a recent email in which we asked if you could send us a list of the chemicals your office re-confirmed interest in or nominated for assessment via the IRIS Program survey sent on 10 August 2018. It is our understanding that most nominations have now been submitted to ORD. If possible, we would appreciate receiving a list of the chemicals your office re-confirmed interest in or nominated (or copies of the nomination forms that were submitted to ORD, if that is easier) by close of business tomorrow, 19 October.

If you have any questions, please don't hesitate to give me a call on 202.512.7899, or email me on carrigana@gao.gov.

Many thanks for your help,
Alisa Carrigan
